

Coloring with Purpose

Drawings Christy Bel

A creative coloring book for
meaning and self-discovery.

Welcome to this creative journey.

Searching for meaning is a deep, natural desire within all of us. We are all looking for purpose, for peace, and for our unique place in this life. This coloring book invites you to explore that search in an accessible, low-threshold way. As you color, your mind slows down, creating space for what truly matters.

This book offers a gentle introduction to faith, the Bible, and the love of God. True purpose begins at the source: returning to the Creator who made you. Ultimately, finding your purpose is nothing less than coming home to God.

Pick up your colors, take your time, and discover the peace of coming home.
